

Statement of Janice Anglace

February 22, 2017

My name is Janice Anglace and I live in Ansonia. I am writing to you regarding the proposed cuts to CT Legal Rights Project's (CLRP) budget.

I was in need of legal help for an eviction. I am a disabled citizen and unable to afford a lawyer. For many years I lived in my apartment and had a good relationship with my landlord. Then my building was sold. My new landlord didn't understand my disability issues and tried to evict me.

CLRP stepped in and represented me with my eviction. Without them I would not have been able to conquer my legal problems. I owe CLRP. My life would have been in jeopardy without CLRP's guidance and support.

Please do not include CLRP in the budget cuts. Without them people with disabilities will be affected. I support CLRP fully.

Sincerely,

Janice Anglace
